

Dmitrii Vasilkov

Senior Frontend Engineer | 7+ years | React / Next.js / Angular | Test Automation | AI Integration

Gijón, Spain | EU work authorization | Email: vasilkov.dmitrii24@gmail.com | LinkedIn: [linkedin.com/in/dmitrii-vasilkov](https://www.linkedin.com/in/dmitrii-vasilkov) | Portfolio: github.io/developer-portfolio

SUMMARY

Frontend engineer with 7+ years of experience building scalable, user-focused web applications. Strong in React, Next.js, Angular, and TypeScript, with a focus on performance, code quality, and automated testing (Playwright, Jest, React Testing Library). Experienced in delivering reusable component libraries, refactoring legacy systems, and integrating AI/LLM interfaces (Vercel AI SDK).

CORE SKILLS

Frontend: React (v18-19), Next.js, Angular, TypeScript, Vite	Platform: GitLab CI/CD, AWS (S3, CloudFront, Route53)
State: Redux (and modern React patterns)	Practices: Clean Code, reusable UI libraries, refactoring
Testing: Playwright/Test, Jest, React Testing Library	AI: LLM UI integration (Vercel AI SDK)

EXPERIENCE

Access Softek - Senior Frontend Developer

Aug 2022 - Present | Spain

- Built an AI-powered chat interface (React + Vercel AI SDK useChat) for real-time conversational UX.
- Deployed frontend to AWS with GitLab CI/CD (S3 + CloudFront + Route53).
- Created E2E test suite with Playwright/Test; reduced manual QA by ~30% and improved regression reliability.
- Raised unit test coverage to 80%+ (Jest/RTL), lowering defects during release cycles.

Domclick - Senior Frontend Developer

Nov 2021 - Jul 2022 | Moscow, Russia

- Developed a B2B partner platform and CRM integrations using React and TypeScript.
- Built an embeddable widget to enable third-party integrations across services.
- Delivered microservice-based frontend modules to improve modularity and release independence.

MTS Group - Frontend Developer

Feb 2020 - Nov 2021 | Moscow, Russia

- Built and launched an MVP from zero using Next.js and TypeScript; led frontend delivery.
- Designed reusable UI components and contributed to architecture and best practices.

Earlier experience: Kraftway Corporation - Frontend Developer (Apr 2019 - Feb 2020): Angular 7, RxJS, SignalR, complex forms. • INSAT - Frontend Developer (Aug 2018 - Apr 2019): Angular 7 SPA, responsive UI, backend collaboration. • SoftLogic - Frontend Developer (May 2018 - Aug 2018): vanilla JS, cross-browser layouts, business logic.
